COFFEE COIN[®]

Minasul will inform on www.coffecoin.com.br the period for appointment setting and the available quantity for the exchange of Coffee Coin[®] tokens for physical coffee.

After the announcement of the period for appointment setting (information available on www.coffecoin.com.br), the token holder must e-mail troca@coffecoin.com.br expressing their interest for exchanging their tokens for physical coffee.

- The e-mail must contain all the information for registration with Minasul (information needed for the invoice of the sale of the physical coffee).
- An e-mail will be sent with the reply to the request, registration approval (against information and documents presented) and appointment confirmation.

Exclusively for Co-operated - Exchange tokens to keep coffee in token:

- In this option there will be no physical output of the coffee. The coffee will be kept in stock in the cooperative member's record.
- According to the number of tokens to be exchanged (corresponding to the same number of kilos of coffee), the cooperative member shall transfer the Coffee Coin[®] tokens from his/her portfolio to the Minasul portfolio - in operation via the STONOX exchange.
- Minasul will invoice the Sales Order and a payment slip will be generated to enter the coffee in the cooperative member's file.

For cooperative members and non-cooperative members - Exchange of tokens for coffee with physical delivery on the scheduled date

- According to the number of tokens to be exchanged (corresponding to the same number of kilos of coffee), the interested party should transfer the Coffee Coin[®] tokens from its portfolio to the Minasul portfolio - in operation via the STONOX exchange.
- After the tokens transfer is confirmed, Minasul will issue a sales invoice for the coffee. This invoice may be issued to an Individual or Legal Entity, following fiscal and tax rules.
